

DR. SCHENCK ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER.

As consumption and lung diseases have been my study and practice for the last thirty-five years, I feel that I know what course to pursue to get a tolerably bad case of diseased lungs in a healing condition.

Jacksonville, Hibernia, Green Cove, and many other places, in fact all through Florida is the place for consumptives in winter, for if a person once gets his lungs diseased, and keeps constantly taking little colds, he is sure to die with consumption.

In Florida you will find nearly all using my medicines, especially my Schenck's Mandrake Pills: for the climate is more bilious than here in the North.

I would advise every person complaining with lung disease to lay in a stock of Schenck's Pulmonic Syrup, Schenck's Seaweed Tonic, and Schenck's Mandrake Pills, and go to Florida.

Everybody should keep on hand Schenck's Mandrake Pills; they act on the liver better than calomel, and are good in every instance where purgatives are required.

If you have eaten too much fruit, and diarrhoea has set in, take a dose of the pills and physic it off. If you are subject to sick headache, take a dose of the pills and you will be relieved in two hours.

Full directions in all languages accompany my medicines so explicit that any one can take them without seeing me.

BISMARCK DRINKS PURE WATER. Our Fritz Drinks Filtered Water.

Louis Napoleon Will Not Poison Himself with Muddy Water.

All American citizens should preserve their health by drinking nothing but the pure limpid water that has passed through

SCHARFF & WOOD'S Patent Filter and Cooler.

Why suffer with the Gravel caused by mud? Why suffer with Griping Pains caused by drinking Ice water, when by having your water filtered and cooled as nature filters and cools the pure Spring water, you may avoid these ills?

The Schuykill water is rendered impure by the numerous factories, coal oil reds, stinks, slaughter houses, dye works, etc. etc., which cluster on its banks.

By forcing this impure water through SCHARFF & WOOD'S PATENT FILTER AND COOLER

It is rendered as pure as the waters that run from the mountain hills.

The expense is nothing in comparison to the benefit derived from its use.

In one season it will pay for itself in the saving of ice; it never gets out of order, and will last a life time.

For further particulars send for a circular.
